

TE-500 **5-Port 10Base-T Ethernet Hub**

The TE-500, 5-port Ethernet hub is a quick and easy solution for connecting your workstations to a network. This walkman-sized hub is ideal for small department or office, and can be easily attached to larger networks by cascading to other hubs.

Compact and lightweight, TE-500 can be placed on top of any flat surface. For troubleshooting, TE-500 is equipped with LED indicators for power, collision, and link/receive status.

FEATURES

- Compliant with IEEE 802.3 10Base-T Ethernet standards
- 5 UTP/STP ports
- Auto-partitioning function to isolate network failure
- A convenient MDI-X/MDI switch on 5th port for easy hub cascading
- Colored LED indicators (Power/Collision, and Link/Activity/Partition)
- AC adapter included
- 10Mbps transfer rate
- 5 Year Warranty
